

Embracing the Continuum: Unveiling the Real Potential of Artificial Intelligence

Presented by:

Shai Popat

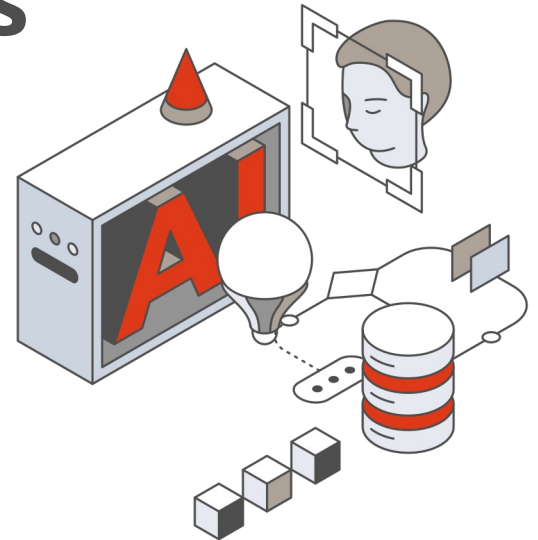

Managing Director, Product & Commercial Strategy, SIX

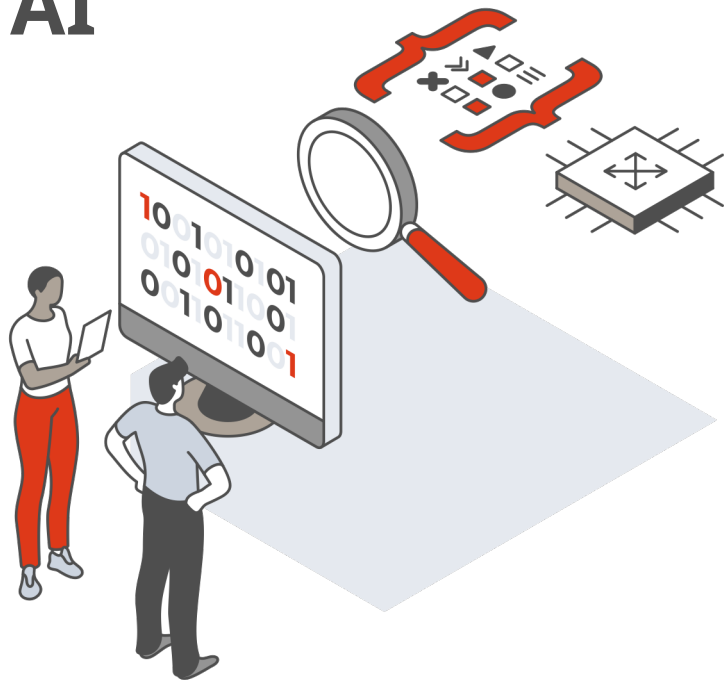

The **Two Camps** of AI

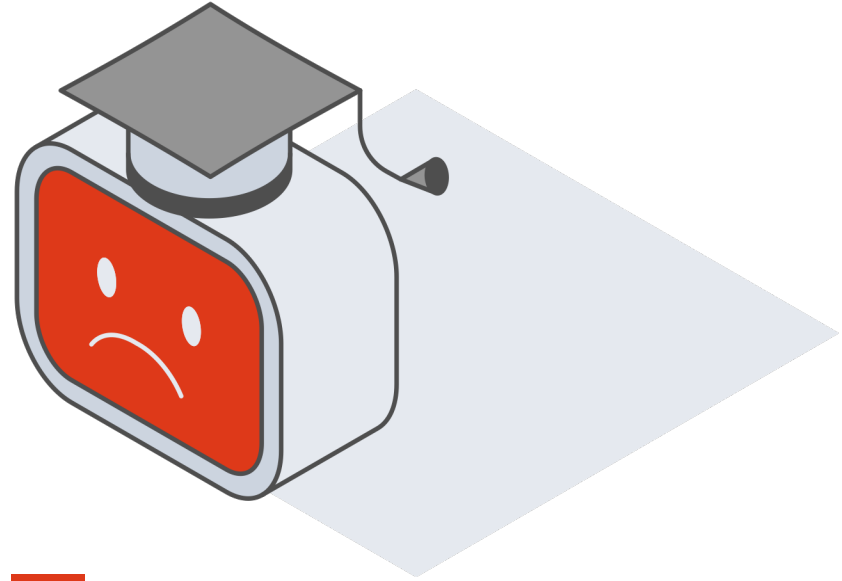

AI Isn't about Replacing Skilled Professionals; It's about Enhancing Their Capabilities

Practical Applications of AI Are Already Making a Tangible Difference.

AI tools are empowering financial institutions
to make faster, more informed decisions

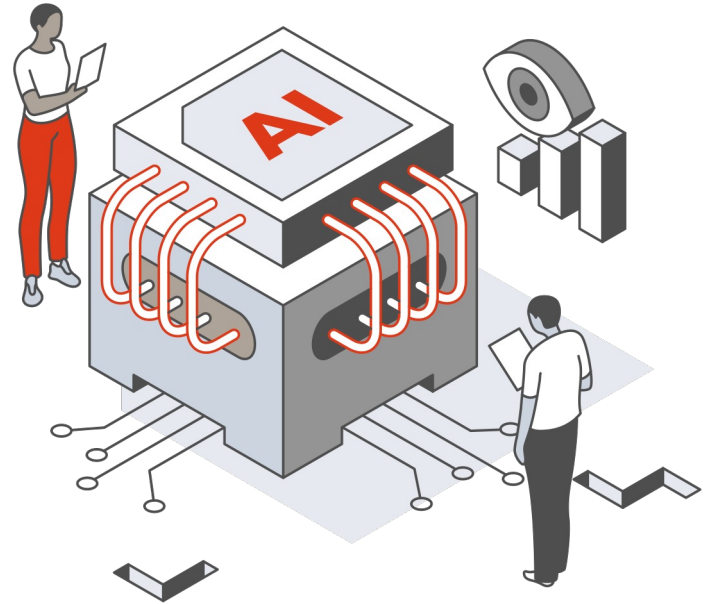

**Creativity, Critical
Thinking, and Empathy —
Qualities That Machines
Simply Can't Replicate.**

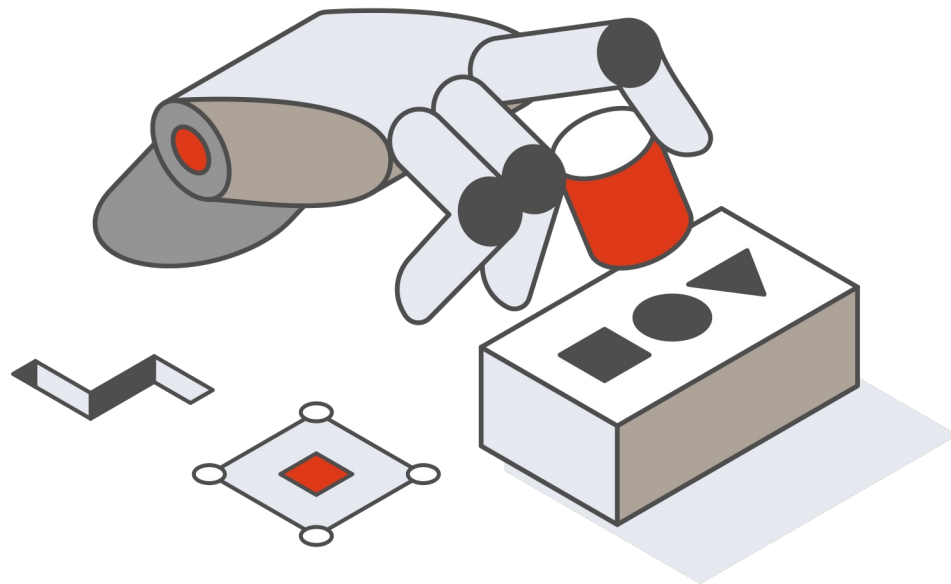

AI Has the Potential to
Empower People with
Knowledge across the
Entire Business.

The Future of Finance is Now.
